

**PROVIDES A PROTECTIVE ENVIRONMENTAL BARRIER
AGAINST MOISTURE, CORROSION AND OILS**

Polywater® Splice Shield™ Environmental Barrier

is packaged in an easy-to-use self dispensing cartridge. Only one application is needed for a thick protective coating over “taped” splices on low and medium voltage cables, as long as the shield is not damaged. Polywater® Splice Shield™ dries quickly and does not need to be “tack free” before direct burial.

Splice Shield™ sealant leaves a thick flexible coating that offers excellent protection against oil, water and corrosion. It contains no dangerous low-TLV or highly flammable solvents. The kit contains all the materials needed to seal multiple splices.

“Don’t just tape and hope” Use Splice Shield!

- Reusable Dispensing Cartridge
- Only One Application Needed
- No Harmful or Highly Flammable Solvents
- High Dielectric Strength
- Zero VOC’s
